

AMERICAN HEIRESS WEDS RICKETY LORD.

Miss Twining, of Nova Scotia, Twenty-two, Now the Bride of the Marquis of Donegal, Eighty, Who Has a Rank History.

LONDON, Dec. 22.—All London is startled by the marriage to-day of the octogenarian Marquis of Donegal, black sheep of many episodes in the last half a century, to Miss Violet Twining, whose home is in Halifax, N. S., and who recently graduated from Wellesley College, Massachusetts. She is twenty-two and he is eighty.

Although they met for the first time only five weeks ago they were married to-day in St. George's Church, Hanover Square. Lord High Commissioner Strathcona, of Canada, gave the bride away. She was attended by her mother, Mrs. Ada Twining, widow of Henry St. George Twining, who accumulated a large fortune in Nova Scotia shipping interests.

Young Bride Very Wealthy.
Mrs. Twining has been touring Europe with her daughter for two years, coming here directly after the young lady's graduation from Wellesley. She was possessed of a great fortune and various articles have been published in which it was said she sought a desirable title for her daughter.

Miss Twining was described as a most lovable girl. Her preparatory education was at the Quincy Mansion School, just outside of Boston, where she has many friends. She was presented at the King's first court by Lady Strathcona, and at that time her beauty, grace and wealth created a furore among the bachelors who had titles to trade for wealth.

The Marquis and his bride were first married yesterday at the Registrar's office, it being a civil ceremony. The church ceremony was quite elaborate for so short an engagement.

He Is an Irish Peer.
George Augustus Hamilton Chichester is the fifth Marquis of Donegal. He did not succeed to the marquessate until 1889, and although it is an Irish peerage.

LOST BRIDE WHO SAVED HIS LIFE.

Mrs. Rodman, Who Twice Brought Husband Through Serious Illness, Passes Away In This City.

SHE WAS HOSPITAL NURSE.

After twice nursing back to health the husband she married when it was thought he was dying Mrs. Edith Wyman Rodman, the wife of Dr. H. H. Rodman, was overtaken by an incurable malady and died at the Presbyterian Hospital. The happy honeymoon had lasted only five months.

When she was a nurse and he a young physician at Bellevue he became sick, and through her careful attention he was finally cured. All in the hospital agreed that he owed his life to his nurse. He went to South Africa as an army surgeon without telling Miss Wyman of his love.

In South Africa Dr. Rodman became seriously ill and returned to America. He went to Virginia for rest, and while there suffered a relapse. When he felt that he was going to die he sent for the nurse who had once saved his life and told her of his love.

He asked her to marry him and she consented. A minister was called to the bedside and performed the ceremony, while a doctor gave Dr. Rodman stimulants to keep him alive.

"I will save him again," declared the bride, and she at once took the garb of a nurse and began her work of love. In a few days he was out of danger, and in a few weeks they were North on their honeymoon, which was so sadly broken yesterday.

It was some time ago that it became known to both that Mrs. Rodman's condition was serious. She was taken to the Presbyterian Hospital, where the best experts in the city were called to see her. They told her that the malady was incurable.

GIRLS LEAP FROM A FIRE TO DEATH.

Two Will Die and Several Are Hurt in a Panic in a St. Joseph (Mo.) Factory.

ST. JOSEPH, Mo., Dec. 22.—During a disastrous fire to-day in Chase & Sons' candy manufactory Sophia Mintus, fifteen, and Mattie Leslie, twenty, employees, jumped from a third-story window and were fatally hurt. There were fifty girls employed in the factory, and many others jumped from second and third story windows, some sustaining slight injuries.

Laura Crawford, May Dalkin and Rosie Kraus were injured about their heads by jumping, but not fatally. The factory had been running night and day to fill holiday orders, and the night and day forces were changing at the time the fire was discovered. The loss is

YOUNG MARCHIONESS OF DONEGAL WHO MARRIED AGED NOBLEMAN.

Lord Donegal sits in the House of Lords as Baron Fisherwick.

He was first married in 1869, and the following year he secured a divorce, the proceedings causing the sensation of that time. Four years later he married Mary Ann Williams Cobb. In 1874 they separated and he began divorce proceedings. She replied with a counter suit, and the evidence was so damaging to the Marquis and to his wife as well that the Court decided to part a couple so well matched and dismissed both actions.

Has Been Often in Jail.

Since then the career of the Marquis has been checkered more than before. He has been arrested and jailed repeatedly on complaints of creditors. One time he served twelve days for owing a tailor twelve shillings. The Marchioness went from bad to worse, being arrested numerous times for intoxication on the streets. She has spent many sentences in the London workhouse, and four years ago was compelled to eat her Christmas dinner there.

Through secret means the Marquis finally secured a divorce from her, thus making it possible for him to marry Miss Twining.

AGED CARDINALS HONOR POPE LEO.

They Assemble in the Vatican Library to Present Their Christmas Greeting to Pontiff

ROME, Dec. 22.—There was a picturesque scene in the Pope's private library to-day when all the Cardinals living in Rome gathered there to present the Pontiff with their Christmas greetings. All the visitors wore their gorgeous red robes.

A remarkable fact was that, with the exception of Cardinal San Stefano and Cardinal Farinacci, all the assembled prelates, many of whom were created Cardinals when Pius IX. was Pope, appeared to be exceptionally well, animated and full of plans for the future.

Cardinal San Stefano, who has been suffering from a severe attack of catarrh of the nose and throat, was the only one who was not present.

Ineffectual Attempt Is Made to Dynamite St. Peter's Cathedral at Geneva, Switzerland.

GENEVA, Switzerland, Dec. 22.—A dynamite cartridge was exploded at the entrance of St. Peter's Cathedral last night. The doorway was damaged, but not seriously. The outrage is supposed to have been perpetrated by an Anarchist.

HAVE YOU ANY OF THESE

Symptoms of a Very Common Trouble?

There is no disease so common in the United States as catarrh, because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane wherever located, accompanied by abnormal secretions, is catarrh. Catarrh of stomach or bladder or intestines is nearly as common as nasal catarrh and much more serious, although it is true that stomach catarrh and catarrh of other internal organs is the result of neglected nasal catarrh.

A new remedy has recently appeared which so far as tested seems to be remarkably effective in promptly curing catarrh wherever located. The preparation is sold by druggists generally under name of Stuart's Catarrh Tablets, and in addition to being very palatable and convenient, possesses extraordinary merit, in many cases giving immediate relief from the coughing, hawking and constant clearing of the throat and head, those symptoms with which every one is familiar who has ever suffered from colds in the head and throat.

Catarrh is simply a continuation of these symptoms until the trouble becomes chronic and grows gradually worse from year to year.

Stuart's Catarrh Tablets are composed of blood root, red gum and similar antiseptics and catarrh specifics, from which it will be seen that no secret is made of the ingredients and also that no mineral poisons are used, as is the case with many well-known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines or bladder, no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets.

All druggists sell them at 50c. for full sized package. You can use them with assurance that you will not contract the catarrh or morphia habit, as the results from this catarrh cure are apparent from the first day's use.

**Solid Gold
Eye Glasses, \$1 Pr.**

Do you know why I will sell you a pair of regular \$5.00 solid gold eye glasses for \$1.00? I will tell you why. For twenty-five years I have been the leading optician in New York and Brooklyn, and during that time I have fitted thousands with glasses that have permanently benefited their eyes. But thousands who do not know how well I can serve them, but who run the risk of ruining their sight by going to incompetent or inexperienced persons for eye glasses. It is to help these thousands to get them acquainted with my skill and accuracy that I make this daring price concession. It is a looking proposition to any of my three stores you can get a pair of \$5.00 Solid Gold Glasses for \$1.00.

**I Will Cure You of
Rheumatism**

Else No Money Is Wanted.

Any honest person who suffers from Rheumatism is welcome to this offer.

I am a specialist in Rheumatism, and have treated more cases than any other physician. I think. For sixteen years I made 2,000 experiments with different drugs, testing all known remedies while searching the world for something better. Nine years ago I found a costly chemical in Germany which, with my previous discoveries, gives me a certain cure.

I don't mean that it can turn your joints into flesh again; but it can cure the disease at any stage, completely and forever. I have done it, fully 100 times.

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for a bottle of Dr. Shoop's Rheumatism Cure. Take it for a month at my risk. If it succeeds, the cost is only \$5.00. If it fails, I will pay the druggist myself—and your mere word shall decide it.

mean that exactly. If you say the results are not what I claim, I don't expect a penny from you. I have no samples. Any mere sample that can affect chronic Rheumatism must be drugged, and it is folly to take them. You must get the disease out of the blood. The remedy does that. It is the most difficult, obstinate cases. It has cured the oldest cases that I met. And in all my experience I find all my twelve years never found another remedy that would cure one chronic case. Write me and I will send you the order. Try my remedy for a month, as it can't hurt you, anyway. It fails if it is free. Address Dr. Shoop, Box 740, Racine, Wis. Mild cases, rheumatic, are often cured by one or two bottles. At all druggists.
